

THE STARS

- Zahidur Rahman

Can you count the stars?

Without being one of the hoars?

Can you see the stars?

When the Sun or the clouds appears?

So, why to be among those?

Who keep their eyes close?

Can they (The Stars) really bring rains?

Do they really has brains?

The Path is preserved and clear,

Think deeply with care.

The death is near,

Justice will be there.
